

PROUDLY CANADIAN

***WE'RE 100% CANADIAN
OWNED AND OPERATED***

Toys“R”Us, Babies“R”Us and HMV Canada are 100% owned and operated by an independent, proudly Canadian company – and have been since 2018. We are proud to serve customers from coast to coast nurturing the needs of Canadian families at every stage - from baby essentials to learning, play and pop culture.

We have thousands of employees across the country and are dedicated to the communities we serve, because we are part of them. Rallying together with our customers, we have raised over \$30 million for the Starlight Children’s Foundation which looks to brighten the lives of terminally sick children and their families.
